DAN: WHAT AN AMAZING DISPLAY OF
LOVE & KINDNESS - THANKS TO YOU
& THE TAX STAFF.
RICH

June 20, 2008

Dear Dan Driskill,

On behalf of Special Kids Day, I would like to thank you for your assistance in making Special Kids Carnival Day event a reality. Your contribution makes it possible for us to provide an all-volunteer and totally free event for children and adults who are developmentally delayed or physically challenged. Since its inception in 1990, Special Kids Day has held a holiday party in December designed for all special needs children and their families to have an opportunity to experience the joys and laughter of the holiday season in a friendly, obstacle free space.

In June 2008 we expanded our outreach to provide, with the support of the Elmhurst Jaycees, Spectacular Midways, the City of Elmhurst and the Elmhurst Chamber of Commerce & Industry, an opportunity for the same families to enjoy Special Kids Carnival Day at Elmfest. On Saturday June 14th, during a two hour period set aside just for them, six hundred special needs children and adults, with their families came to benefit from the experience of a carnival. The laughter and enjoyment of the children and adults was infectious. This is only possible because of thoughtful contributions from people like you.

December 13, 2008 at the Elmhurst Art Museum we will host our annual Special Kids Day Holiday Party. As you know the cost of providing an all-volunteer and totally free event for people with disabilities does not go away. We hope for your continued support in the future. For more information on how your donation is helping to make a difference in the lives of so many in our community, we invite you to visit our Web site at www.specialkidsday.org. The goal of Special Kids Day is to continue to make a difference in the lives of people with mental and physical disabilities. With the help of donations from supporters such as you we will continue with our quest.

Once again thank you for your generous support.

Sincerely,

Rich Rosenberg
Chairman
